- Student is too short of breath to walk, talk, or eat normally
- No relief from medication within 15-20 minutes with any of the following signs
 - Chest and neck pulling in with breathing
 - Child is hunching over
 - Child is struggling to breathe

Parent Consent for Management of Asthma at School

I, the parent or guardian of the above named student, request that this School Asthma Action Plan be used to guide asthma care for my child. I give permission to School personnel to administer the medication prescribed. I understand that administration of this medication will not be done by a nurse.

I agree to:

1. Provide necessary supplies and equipment.
2. Notify the school of any changes in the student's health status.
3. Notify the school and complete new consent for changes in orders from the student's health care provider.
4. Authorize the school to communicate with _____, the primary care provider/specialist about asthma/allergy as needed.
5. School staff interacting directly with my child may be informed about his/her special needs while at school.
